with due apologies
to—r. l. sharp

isn't it strange that
nurses or teachers,
doctors, lawyers, farmers
or preachers;
or just plain students like
you and me
are all builders for
eternity?
each is given a
bag of tools,
a shapeless mass,
a book of rules;
and each must build
ere life has flown,
a stumbling block or a
stepping stone.

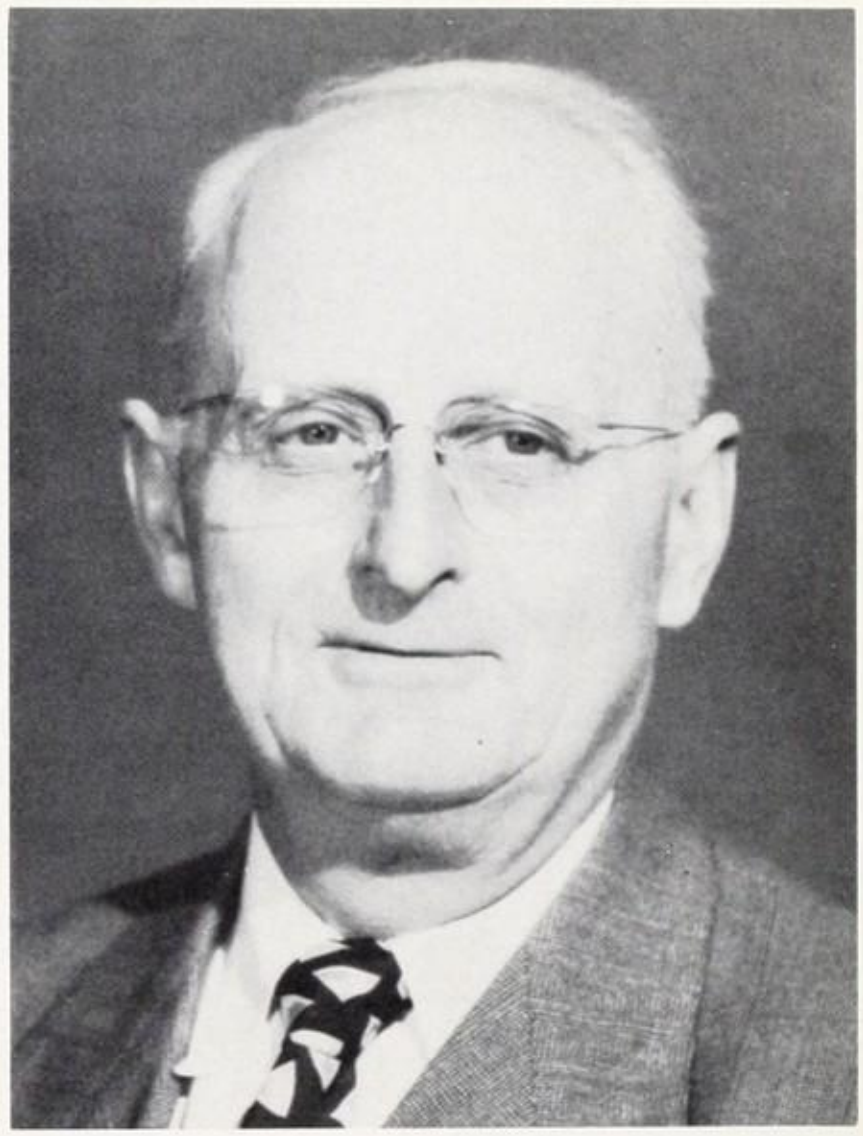
principal

as another year nears completion, each one of you will sense the fact that your *experiences* in school are very dear to you. they are just as important as you wish to make them. many of them are recorded here to act as *stepping stones* to help guide you to your goal of graduation and your entrance into life everlasting.

H. L. Parker

in memoriam



thanksgiving morning, november 25, 1954, mr. eggert, school custodian for the past ten years, passed away as the result of an automobile accident several days before. as a congenial, courteous man, leading a true christian life, he will long be remembered in the hearts and minds of those with whom he came in contact during his long years of service.
